

Trapeze

Furniture for the Curious

Trapeze

Executive Table Base.

TRAPEZE is an award winning innovative table base system with a unique profile, designed for commercial applications and suitable for a variety of configurations including desks, meeting tables and boardroom tables.

01 Activity infill trays
The table features activity infill trays that have been designed and manufactured using 100% post-consumer recycled materials and are interchangeable.

02 Top leg support horn
Common components are used to assist in modular design for different sizes and shapes of tables. By adding additional legs and top horns, the possibilities with EONA are endless. The Trapeze leg features

a steel threaded insert which is encased in the die cast aluminium. The steel thread provides a much stronger connection from the top horn to the leg than if the aluminium was threaded for attachment to the top horn

03 Finishes
Standard finish is polished aluminium legs with black framework. Trapeze legs can also be powdercoated in colours to suit the specification of the project

04/5 Features
Trapeze table legs can be set at varying stances:
0 degrees / 22.5 degrees / 45 degrees
Legs can be positioned in the top horns a narrow stance for tables up to 1400mm deep, and a wide stance for tables up to 1600mm deep. Deeper tables can be provided using XL top horns which can suit tables up to 2100mm deep.
