Minis — for mirrors and makeup

Create a small station in your hallway for your change-the-look, last-minute essentials. If it's make-over day anyways, change the Minis. Flip the modules. Create new functionalities.

Minis and memories

— pinned to each other

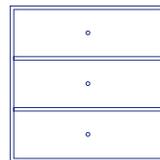

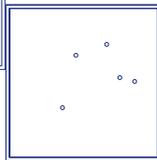

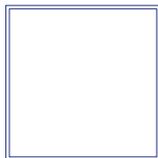

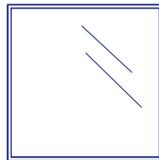

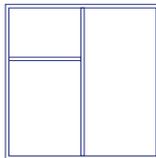

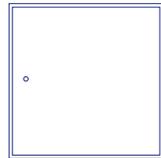

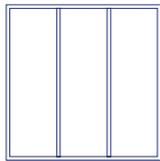

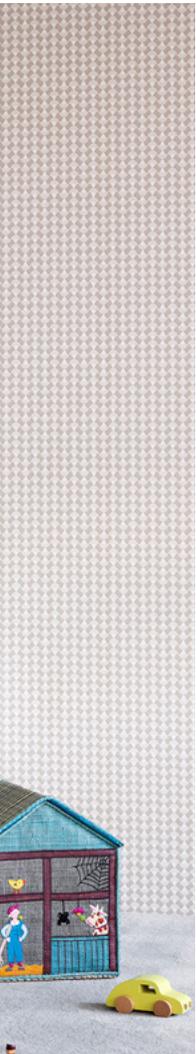

Use the different elements of the Mini series and create interesting compositions with open and closed modules, top plates, mirrors and pinboards.

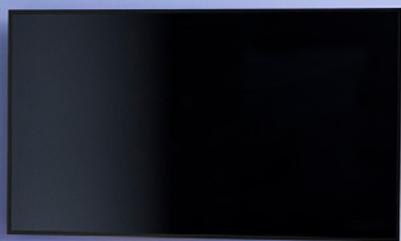

Playful — never childish

As your child grows – so does Mini. Move it around. Change it up. Create new surroundings to explore current skills. Learning, living and growing through play.

Multiply your Minis — hide and display

Use the Minis as a TV board. With closed modules create order and minimalism. With open modules display the items you love.

Colours — match Mini to a colour

Colours are never static, never boring, never quite the same. The Montana Mini colour palette features 10 poetic and complex colours with both a visual and sensory appeal, all intertwined in a close-knit family that will match no matter how you choose to combine them.

Sleep well

— with a personality-packed sidekick

Minis have the perfect size to function as a bedside table. Give it an extra layer of colour with a top plate.
