nau is a contemporary design brand, offering  
furniture, lighting, and accessories by a collective of  
Australia's most curious and talented designers.

# terrace

By Adam Cornish, 2021

Characterised by graphic lines, subtle curves and a clean visual language, terrace is an outdoor seating series that is as comfortable as it is functional. Hand-crafted in Melbourne, terrace is made from durable stainless-steel wires that are curved incrementally to create an inviting and embracing seat. From long al-fresco lunches to uninterrupted lounging, this comprehensive collection is designed to withstand harsh Australian conditions and accommodate all kinds of outdoor living.

Spanning commercial to residential to hospitality applications, terrace is available in a selection of finishes in lounge chair, dining chair and bar stool options.

## adam cornish

The scope of Adam Cornish's work includes an impressive range of design disciplines, from furniture and household innovation, to commercial and residential installations.

Cornish's interest in design stems from his curiosity into the 'how'; how things are made, how they perform and how they will endure the test of time.

After studying industrial design at the University of Technology Sydney and furniture design at Royal Melbourne Institute of Technology, Cornish is now based in Melbourne, with products represented by luxury Italian brand Alessi.
