Let's play

A child's imagination is a source of wonder. Take them swimming and they'll turn into a shark. Play them a song and they'll pretend to know the lyrics. Give them a cardboard box and they'll create a castle.

At Montana we are firm believers in the power of bright, happy colours and their ability to keep our minds and hearts open, playful, and imaginative, no matter our age.

Montana Kids is a collection of our smallest pieces of furniture – for the littlest people in your household.

— all day

Kevi Kids swivel chair — from toddler to tween

As a general rule, children are not great at sitting still. And, honestly, who can blame them when there's a whole world of exciting new adventures around the corner – all the time! Giving them the freedom to move their body, while they're still in their seat, can provide a natural release of energy, which is exactly what some kids need to stay focused.

Small desk — big ideas

The Monterey Kids table is a chunky table with rounded edges and corners for creative play with colours and crayons – or study time, scribbling the very first letters. The table is EU Ecolabel certified and available in 40 water-based lacquer colours.

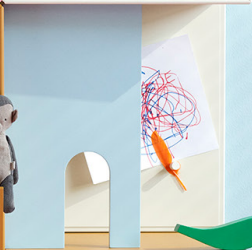

Spark creativity — with bright, bold colours

Creativity is messy, loud, and all over the place. It's mixing the modelling clay colours, throwing pillow-bombs from the castle tower, and adding pretty glitter to the house plants. Create a safe space for all the joyful chaos with the Mini Play box on castors.

My room — is my playground

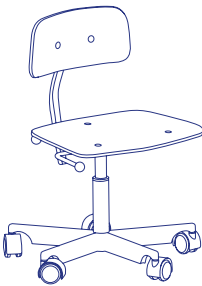

Montana Minis have the perfect size to function as a bedside table or as shelving for books and toys. Give it an extra layer of colour with a top plate. The small, versatile modules can be rearranged to suit different purposes and functions as your child grows.

Montana Kids — product overview
