With a recognizable tubular approach, the TUBBY TUBE STOOLS build on the same design language as Faye Toogood's iconic SPADE CHAIR. "Tubby yet elegant" is the way to describe the TUBBY TUBE STOOL collection of three heights. A unique composition of bulky round tubes and a chunky soft seat pad - a play on volume meeting a tubular frame that creates a classic yet contemporary expression. Place the stools by your kitchen counter, in a bar or restaurant or wherever you need comfortable yet elegant seating spaces.

FAYE TOOGOOD (UK) has an eye for the raw, natural and irregular. Her trademark, numbered 'Assemblages' steer away from the formulaic and clichéd, opening up a space for exploring fresh materials and processes. Faye was born in the UK in 1977 and graduated with a BA in the History of Art in 1998 from Bristol University. She founded "Studio Toogood" in 2008 and "Faye Toogood" in 2010, both in London.
