

## PK65™

---

Poul Kjærholm designed the PK65™ in 1979. As he had done previously with several other tables, Poul Kjærholm created PK65 to complement one or more of his many chairs and sofas. The PK65 table was designed to be used with the lounge chair PK20™.

## PRODUCT DESCRIPTION

The PK65™ coffee table comes with four different tabletops: slate, marble (rolled), granite and glass. The base for the table is made of satin brushed stainless steel.

## POUL KJÆRHOLM 1929-1980

Poul Kjærholm was a trained cabinet maker and continued his studies at the Danish School of Arts and Crafts in Copenhagen. He had a particular interest in different construction materials, especially steel, which he considered a natural material with the same artistic fineness as other natural materials.

Poul Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes. In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.

## TABLETOPS

The tabletop for PK65™ is available in the following materials and colours: Slate, Granite, Marble: White (rolled) and Glass.
