

# Earth Stool Backrest, H 69 cm

Coffee waste mixed with  
recycled industrial plastic

Earth Stool Backrest is the result of a new innovative waste-to-value technique that enables Mater to reuse companies' industrial waste. It comes in two variants; 'Coffee Waste Dark' and 'Coffee Waste Light' with a seat made from coffee bean shells from the BKI Coffee roasting process mixed with recycled industrial plastic waste from GROHE. Durable for both private and public use.

Coffee Waste Light

Coffee Waste Dark

**Designed by**  
Eva Harlou

**Item no.**  
06065 Earth Stool Backrest, 69 cm  
– Coffee Waste Dark\*  
06068 Earth Stool Backrest, 69 cm  
– Coffee Waste Light\*

## Matek™

### Matek

In alliance with large corporations, Mater has invented a patented technology that recycles their fibre and plastic waste. This resulting in five new unique materials that we've named Matek®.

Read more about Matek® [here](#)

### Steel

Our Steel is composed of 20% recycled steel. Steel is a strong and light material with the quality that it can be processed in unlimited ways.

### CO<sub>2</sub> Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.

Read more about how we measure the CO<sub>2</sub> footprint [here](#)

### Mater Take-Back

We unhesitatingly offer to take all our furniture made from Matek® back at the end of its life to recycle it into new furniture.

Read more about how Mater Take-Back works [here](#)

### Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.

Contact our customer service for more info [here](#)
