# billo

by Adam Goodrum, 2024

Combining vintage Italian elegance with contemporary versatility, the Billo collection offers pillowy, voluptuous forms and integrated bolsters for cloud-like comfort. Designed to be both visually stunning and incredibly adaptable, each module can stand alone or be effortlessly reconfigured to suit various environments.

The name "Billo" reflects the sofa's billowing shapes and relaxed tailoring, emphasizing its inviting nature. Its user-friendly design ensures easy handling and reconfiguration, while its durability and innovative construction underscore NAU's commitment to quality and environmental responsibility.

## variations & dimensions

- 3 Seat Sofa: 2650W x 1000D x 760H mm

## adam goodrum

A firm believer that every environment is defined by the objects within it, Adam Goodrum designs with the philosophy that an object must therefore justify its existence – through its story and detailing. For this reason, his designs celebrate process and craftsmanship, and accentuate components and joinery to create functional pieces with spirit and personality.

In recent years, Goodrum's work has been awarded a host of design accolades including the NGV Rigg Prize, Vogue x Alessi Design Prize, Indesign Luminary Award and the Idea Awards Editor's Medal. He has also been commissioned to design pieces for several global luxury brands including Veuve Clicquot, Alessi and Cappellini.
