Aldo Bakker

The work of Dutch artist and designer Aldo Bakker has a delicate and rare sense of harmony and the shapes communicate through colour, association, touch, texture, and materiality. His designs are exquisitely balanced, often strange, yet strangely familiar. Timeless, sculptural and always intended to trigger a response. Widely published and exhibited, Aldo Bakker continues selected collaborations with renown manufacturers while further completing his personal collection with master craftsmen and galleries around the world.

With an unwavering commitment to form and function, Aldo Bakker's Cabinet seamlessly blends utility and elegance and embodies the essence of contemporary craftsmanship. The Cabinet balances precision and simplicity, inviting users to appreciate its geometric logic.

Central to the design are its thoughtful elements, showcasing a deliberate contrast between the slim 1.5cm thick top and the substantial 4.5cm thick base. This intentional juxtaposition creates a captivating visual interplay while it ingeniously carves out a 3cm space for the centrepiece.

Crafted from spruce wood, renowned for its luminous quality, Cabinet adapts to any space. Whether placed as a bedside table or a standalone statement, the design transcends its utilitarian function..
