

CIRC

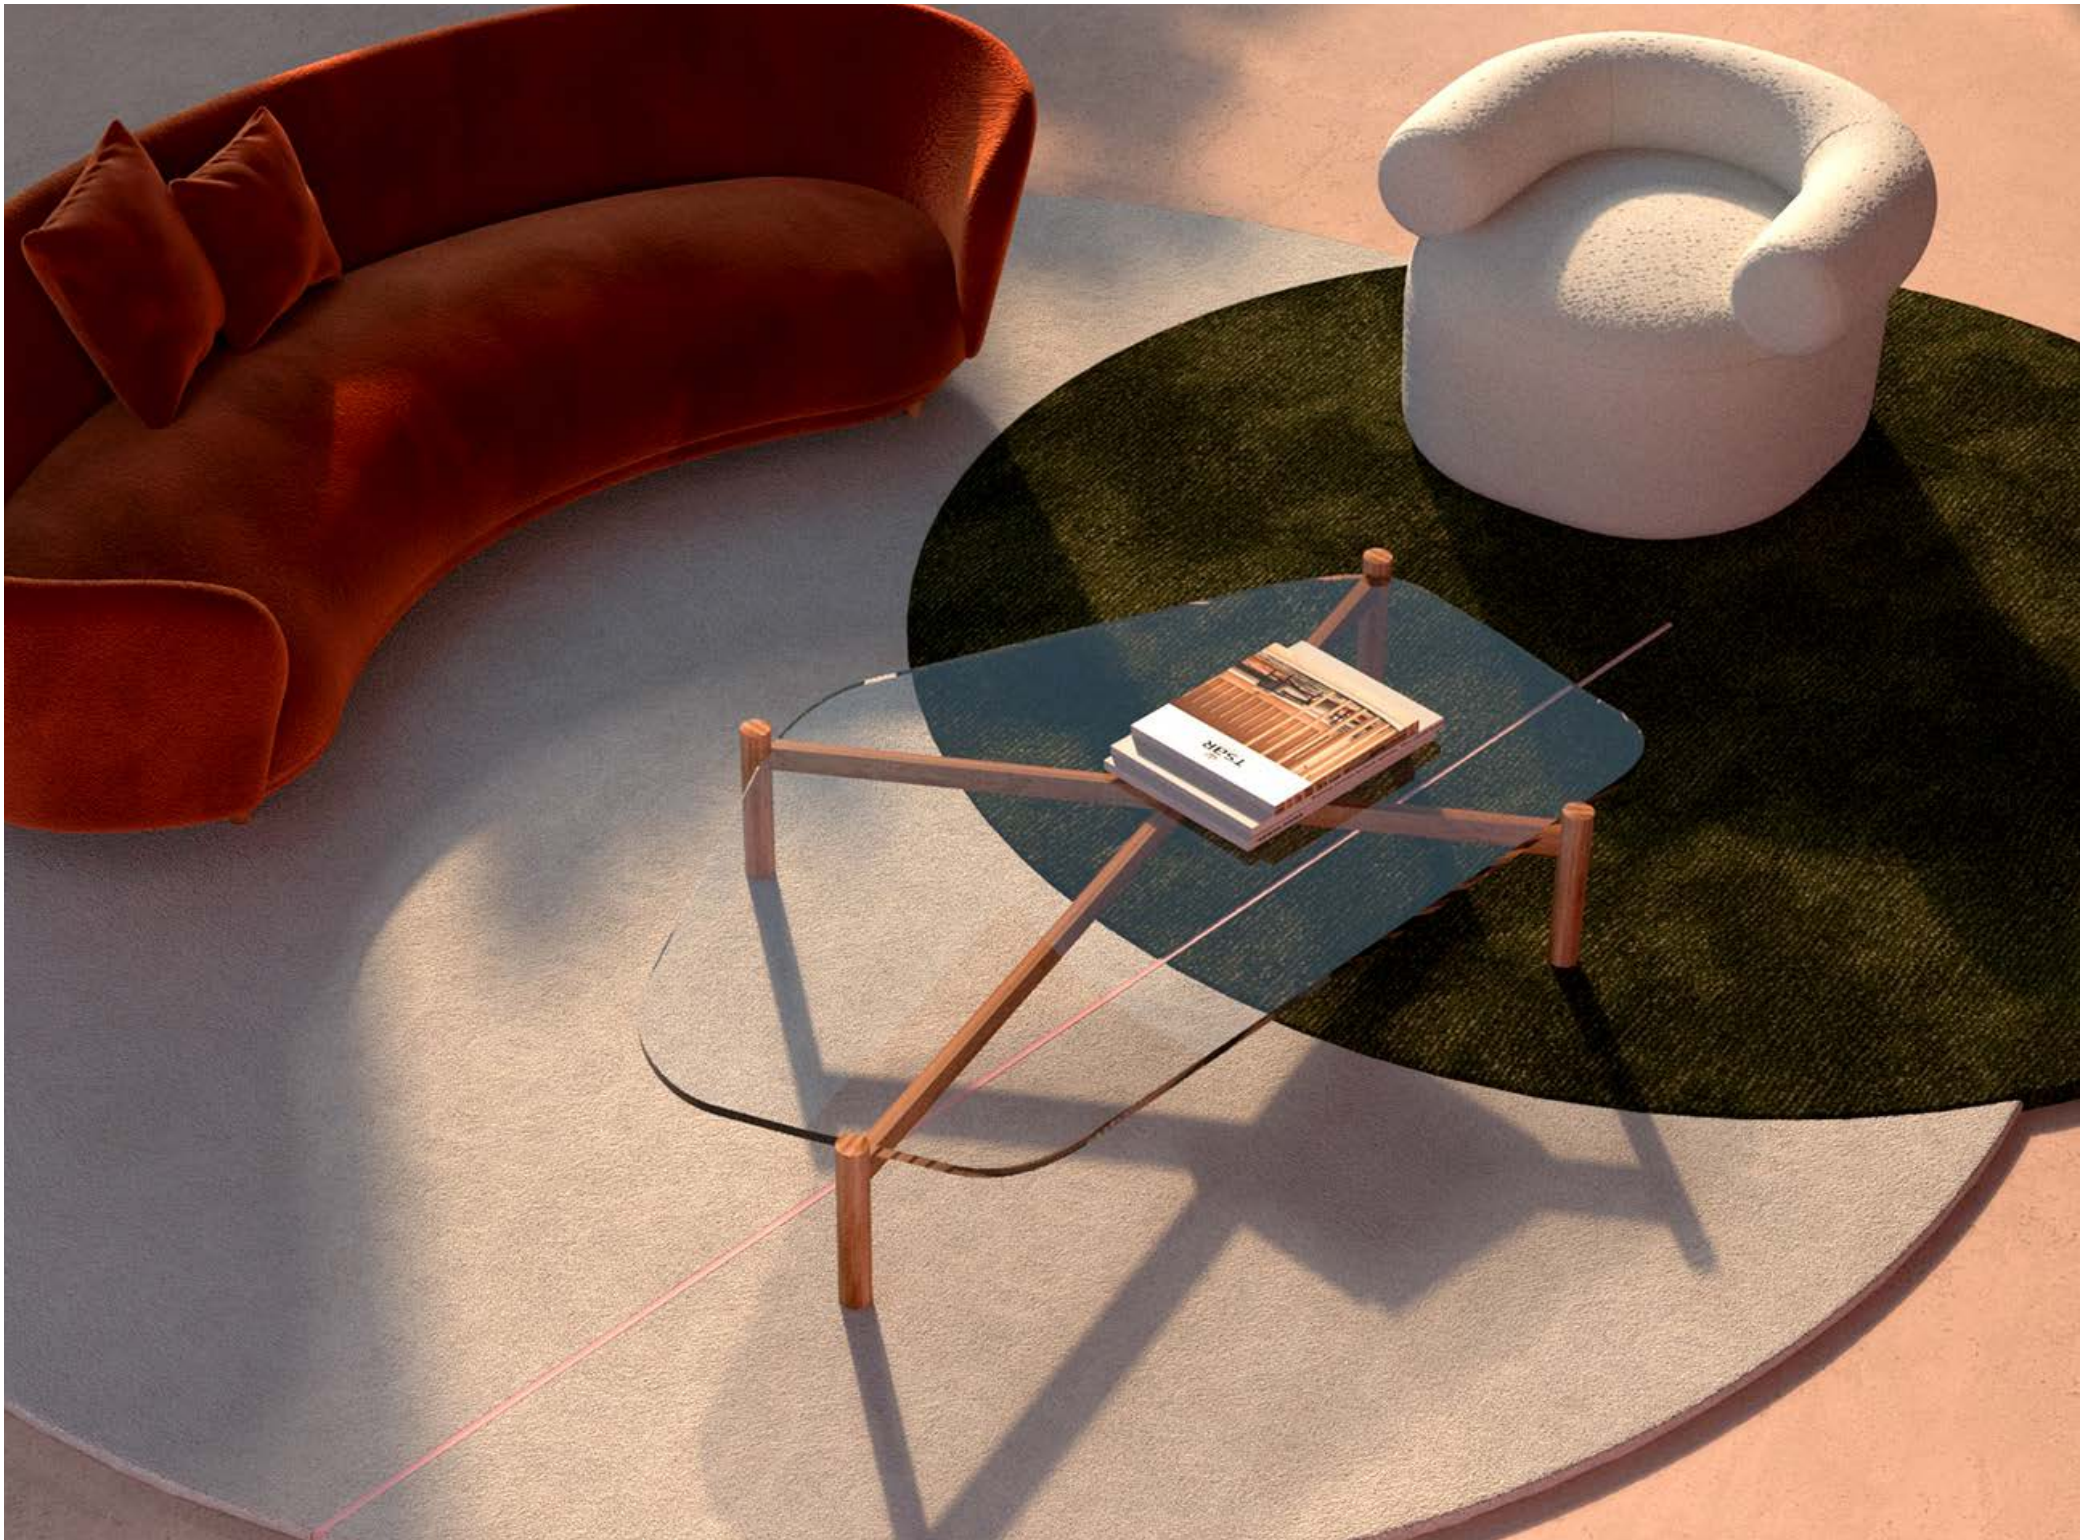

**TSAR**  
CARPETS

A modern take on Art Deco design, the Circ collection is a playful exploration of fine lines, curves and layers.

Employing soft features, rounded terminations and mono-materials, the range elicits positive emotional responses, bringing a sense of ease and comfort to any space.

Tranquil pale shades, naturally occurring greys and deep earthy tones work together thoughtfully adding serenity to interiors.

Fresh and dynamic, the Circ collection alleviates and uplifts our experience of space.
