Care and maintenance

- Sequence is suitable for regular use in non-corrosive indoor and outdoor environments and are produced from either mild steel or stainless steel to suit the intended use
- For mild steel tables, care is required to avoid compromising the protective surface finish and exposing the base metal to air or moisture which may result in corrosion
- Satin polished stainless steel tables are extremely durable but will develop marks and scratches with use
- Remove any spills and clean up marks with a soft cloth dampened in lukewarm water with a mild detergent
- Never use abrasive cloths or detergents containing abrasives or solvents

Materials

Indoor use:

- Mild steel, powder-coated with zinc undercoat
- Satin polished 304 stainless steel

Outdoor use:

- Stainless steel, powder-coated
- Satin polished 316 (marine grade) stainless steel
